

Australian Academy of Technological Sciences and Engineering (Tasmanian Division)

Prize for Science/Maths Teaching in Secondary Schools

(sponsored by the Faculty of Science, Engineering & Technology, University of Tasmania)

The Australian Academy of Technological Sciences and Engineering Prize for Science/Maths Teaching in Secondary Schools recognises a Tasmanian teacher who has continually inspired students to pursue their studies.

The following criteria are used to select a winning applicant.

1. Demonstrated interest in science/maths outside of the classroom
2. Implements new and innovative ways to inspire students and extend their understanding of science/maths
3. Demonstrated consistency of best practice in science/maths education.

Eligibility for this Prize is limited to Year 9 - 12 teachers in Tasmanian government and non-government schools and colleges who are teaching in the areas of mathematics or environmental, physical and/or life sciences. Entrants need to be resident in Tasmania and currently employed as science or maths teachers.

Nominations are called for each October, with winners being announced in February the following year.

The Prize is presented annually and is \$1000 plus a plaque that will be presented at the Science, Engineering and Technology Awards evening (usually held in March) and sponsored by the Faculty of Science, Engineering & Technology at the University of Tasmania.

In addition, the winning teacher and his/her class (or 20 students of the teacher's choice) will be invited to visit the research facilities at the University of Tasmania, with all expenses met (including travel and lunch).
